

IMPERIAL COLLEGE

GRADE 10 2021/2022

OPTION FORM

Selecting subjects for both SCHOOL CERTIFICATE and HIGHER SCHOOL CERTIFICATE is a very important exercise. It is very determinant for the future career of any individual. This option form is the starting point. There is no room for haphazard choice. All factors must be considered and analysed in line with the capacity, interest and ambition of the student - necessary attention must also be given to the orientation of the job sector both in Mauritius and at the international level. The responsible party and the student must necessarily consult each other (third parties may also be contacted if necessary) before reaching a final decision.

The number of seats available per class is limited to forty (40). Classes will be allotted according to performance in the last 2020/2021 NCE examinations. Priorities will be given to those who scored the highest marks in the related subjects at the 2020/2021 NCE examinations. In the event of a surplus demand for a particular class coupled with similar performance at the 2020/2021 NCE examinations, the principle of first come will be exercised - the first entrants will be given priority. Those who cannot have their choice satisfied will be directed to the next available option. When indicating the choice tick (✓) appropriately in the box made available - only one (1) class to be chosen.

For optional subjects, responsible parties and students should clearly indicate which subject they favour by ticking in the box provided next to the subject.
