CIRCULAR NO. 11

29th May 2024

GRADES 7 to 13

Dear Parents/Students,

To mark the Environment Day observed each year on the 05th June 2024, Imperial College has earmarked a series of activities as follows:

1. For the 3rd edition, the Science Club will host its Science Exhibition on Wednesday 05th and Thursday 06th June 2024 in our gymnasium.

The Management warmly invites Responsible Parties from Grades 7, 8 and 13 to attend this exciting event. We believe that parent involvement is crucial to the success of our students.

Parents will get a great opportunity to discover our students' talent, knowledge and creativity in a variety of new science projects.

2. The Trochetia Environment Club is working in close collaboration with the Science Club. The former club is organising a sale of plants on Wednesday 05th and Thursday 06th June 2024.
3. The Computer Science Department is participating in the Science expo. Educators and students are willing to showcase the latest, most innovative and emerging technologies.
