31st January 2020

Grades 7 - 13

Dear Parents / Students,

We have noted with regret that some students are creating Social Media Groups and share messages and other information through their mobile phones and other devices. They do so after school hours.

It has been reported to us that some of these messages comprise foul content. The college IS NOT and WILL NEVER BE RESPONSIBLE for larcenies committed by its students after school hours. We appeal to Responsible Parties to keep a close watch on what their wards do on their mobile devices after school hours.

We remind parents that **students should not bring their mobile phones at school**, and, if a learner is caught with a mobile / technological devices in school premises during school hours, we will take appropriate action as already stated. Parents should also encourage their ward not to join these social media groups as they will be answerable to consequences of their act

We remind all Responsible Parties and students that if anyone feels offended by a content (message) shared by a group, he/she can appeal to legal authorities for action.
