4. BEHAVIOUR / RESPECT:

As part of our commitment to maintain a positive and nurturing learning environment, we feel it is essential to address recent behavioural concerns that have arisen among some students at school.

It has come to our attention that there have been instances of disruptive behaviour, disrespect towards peers, teaching and non-teaching staff as well as violation of school rules and regulations. Such behaviour not only disrupts the learning process but also creates an unsafe and unwelcoming atmosphere for all students.

We kindly request for your support in addressing these issues at home by engaging in open and honest discussions with your child about the importance of respect, responsibility and positive communication.

Our students must not use vulgar language, they must show respect and politeness towards others inside and outside the school premises. By so doing, our students will adopt a positive attitude which will make them responsible human beings.
